EFFECTIVE: MAY 1, 2016

I. Domestic, commercial, and industrial water meters

<u>Meter Size</u>	<u>\$ Material</u>	<u>\$ Labor</u>	<u>\$ Equipment</u>	<u>\$ Outside Services</u>	<u>\$ Total</u>
3/4" without bypass	445	96	66	0	607
1" without bypass	505	96	66	0	667
1½" without bypass	1,086	180	104	0	1,370
2" without bypass	1,293	180	104	0	1,577
1½" with 1¼" bypass	1,357	263	198	0	1,818
2" with 1¼" bypass	1,577	263	198	0	2,038
3" comp on 4" with 4" bypass	5,522	2,129	894	3,099	11,644
4" comp with 4" bypass	6,366	2,129	894	3,099	12,488
4" comp on 6" with 4" bypass	6,957	2,129	894	3,099	13,079
6" comp with 6" bypass	8,542	2,129	894	3,099	14,664
6" comp on 8" with 6" bypass	9,373	2,129	894	3,099	15,495
6" turbine with 6" bypass	8,559	2,129	894	3,099	14,681
6" turbine on 8" with 6" bypass	9,192	2,129	894	3,099	15,314
8" turbine with 8" bypass	11,125	2,129	894	3,099	17,247

CREDIT ALLOWABLE FOR EXISTING WATER METER

<u>Meter Size</u>	<u>\$ Price Credit</u>
3/4" Disc	77
1" Disc	103
1½" Disc	259
2" Disc	341
3" Compound	1,531
4" Compound	2,160
6" Compound	3,357
8" Compound	4,500

Any water meter prices not shown above must be obtained through Board Service Department.

II. Special irrigation application for turbine water meters

<u>Meter Size</u>	<u>\$ Material</u>	<u>\$ Labor</u>	<u>\$ Equipment</u>	<u>\$ Outside Services</u>	<u>\$ Total</u>
2" Turbine	1,631	180	104	0	1,915
3" Turbine on 4" line	4,007	2,204	937	2,721	9,869
4" Turbine	4,286	2,204	937	2,721	10,148
6" Turbine	7,220	2,204	937	2,721	13,082

CREDIT ALLOWABLE FOR EXISTING WATER METER

<u>Meter Size</u>	<u>\$ Price Credit</u>
2" Turbine with Integral Strainer	635
3" Turbine with Integral Strainer	690
4" Turbine with Integral Strainer	1,188
6" Turbine with Integral Strainer	2,713
8" Turbine with Integral Strainer	3,626

Any water meter prices not shown above must be obtained through Board Service Department.

III. Notes:

- A. The above pricing does not include City of Pueblo, Pueblo County, and State of Colorado sales tax.
- B. Cost of meter to owner/applicant and installation requirements are fully explained in Board *Rules and Regulations*.
- C. Board Meter Installation Specifications include complete information regarding material furnished by the Board and other requirements.
- D. The owner/applicant must provide all necessary excavation, backfill, resurfacing, barricading/traffic control, and permits. Board will provide excavation only for meter vaults on 3-inch and larger meters.
- E. Where two or more meters serve one property and are physically connected, each service line must have a backflow prevention device installed at the expense of the owner/applicant. In most installations, inter-connection of two or more meters will not be allowed.
- F. When a building is three or more stories high and is either a commercial or multi-residential property, a check valve is required on the customer side of the meter. A check valve is also required if there is a booster pump on the customer side of the meter. All check valves will be installed at the expense of the owner/applicant.
- G. Any backflow prevention devices required must be installed and maintained by the owner/applicant at his expense.
- H. Any questions regarding which cost pertains to a particular property or situation should be directed to the Board Service Department, 543-2217.
- I. Undersizing of meter relative to service line is limited to one size classification, i.e., 3-inch on a 4-inch, 6-inch on an 8-inch. Further, any demands which are found to exceed AWWA recommended capacity of a particular size of meter will require the owner/applicant to pay all costs associated with installing the appropriate size meter.
